

xLMS: Your LMS on the go

xLMS is the red carpet for your compliance. The highlight: with xLMS, you book SAP SuccessFactors LMS as a service. This makes mandatory training for external parties and suppliers simple and efficient – with no implementation, no lead time and no additional effort. .

New Laws & Compliance Requirements

What do the EU AI Act, EU Data Act, and Digital Operational Resilience Act (DORA) have in common? These laws all come into effect recently. They are intended to help make the exchange of information and the application of new technologies such as AI more secure – at a price. **As a company, you will face new requirements**, such as mandatory training. On the other hand, this is also an opportunity. You can use compliance as a seal of quality and strengthen your reputation.

Our red carpet, just for you

The world of compliance is complex enough. That's why we want to **make mandatory training for external users as easy as possible** for you: You focus on steering and managing, and we'll handle user and training administration, as well as support and system development.

Your benefits

Greater efficiency

With our learning service, you can reduce staffing and costs. We handle the operation of the training platform, including the management of learners and training courses. External training participants benefit as well. For them, accessing mandatory training has never been easier.

Greater flexibility

The solution is available immediately because no implementation is required. What's more, you'll promote and strengthen your corporate culture, as you can provide your own training content in addition to the required material. We'll provide you with full support in this regard as well.

Greater security

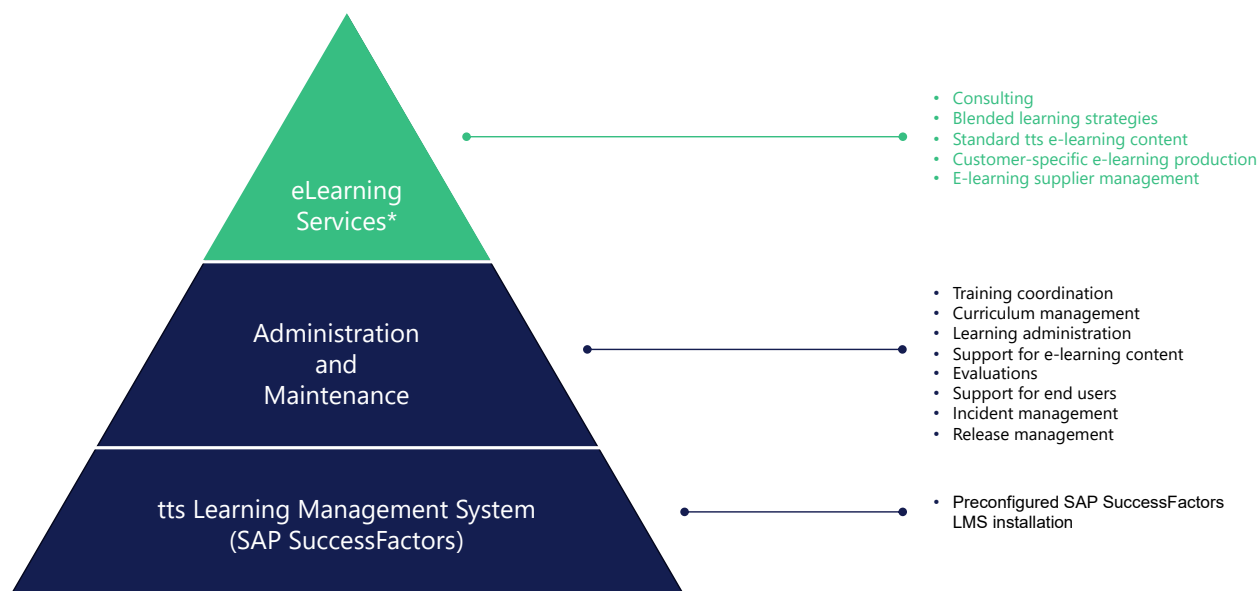

With xLMS, you don't just keep all external parties up to date with the necessary information. You also ensure transparency regarding the status of each training session. Furthermore, you can document all mandatory training in an audit-proof manner and provide proof at any time. This ensures that everything remains legally compliant.
